Ethics and Professional Responsibility

Group 23 – Alex, Jack, Luke, and Reid
Advisor: Ahmed Shakil

Overview

IDEAL: Financial Responsibility

- Affordability for Client
    - Linux machine
    - User laptops
    - Internet

- Value added software
    - Objective completion
    - Ease of use for cost
    - Adaptability

IDEAL: Well-being

- Security of user data
    - Unencrypted protocols
    - Hashed password = normal password

- Assurance of availability
    - What happens when we leave?
    - Transferring technology

Ethical Concerns

- Training United States Military Warfighters
- Real Names for Peer to Peer Simulations
- Access to Training Software for All
- Does Simplicity Dull Effectiveness
